

## **INTEGRATED POLICY BALTEAU**

**(ISO 9001:2015 – ISO 14001:2015)**

**A Balteau – Grupo WEG, tradicional manufacturer of Instrument Transformers, and supplier for the main systems of generation, transmission and distribution of electric power, seeks through its Integrated Management Systems:**

- To provide quality products and services that meet costumers' needs and expectations;**
- Comply with the legislations in effect, applicable to the environment and occupational health and safety at work, in addition to other requirements pertinent to its products and its activities;**
- Protect the environment and develop actions to prevent environmental pollution, such as: consumption of natural resources, solid waste generation, atmospheric emissions, and liquid effluents;**
- Continuously improve the Integrated Management System to increase its performance by establishing objectives and targets.**
